

# Perry's Solutions, LLC

**Quarterly Newsletter**

**December 2009**

This is the first issue of a quarterly newsletter that we will be sending out. Simple format but hopefully helpful. Let me know of things that you would be interested in hearing about.

## **COACHING AND BUSINESS TALK - ON THE RADIO**

I wanted to let you know that I am going to be interviewed on the Peter McClellan show (AM 1570) a week from today (12/16), 5-6 pm. There will be a link on my website to get to it online - in case you miss it, or if you are out of range. Focus is on "Coaching in Business Problem Solving".

Interested in any thoughts you have about it. Should be fun! And if it goes well, maybe I will do it again. (helps if you like it, for you to tell the station or Peter - best email for Peter is: [sally@401klatte.com](mailto:sally@401klatte.com)).

## **NEW CONTENT AND SERVICES - ON THE WEB**

We are about to release our new website. It better reflects what the business is about. It has more content and more services (Invoices by Paypal, Gage R&R service, and reflects our clinical studies work). Future newsletters will have more content and be included on the website. Topics will include book and software reviews, tool tips, upcoming public classes, and a few other features that could be of interest to you.

## **UPCOMING DOE CLASS**

In February, we start another semester long Design of Experiments class at St. Thomas. This will mark the 15th year of offering classes in the graduate school. If you are around, stop by and say hi. As always, we are in OSS LL10 on Wednesday nights.

Have a great day!
